

# AED Studios – Studio 16

The destination for your creation

# Welcome at AED Studios

AED Studios is one of the largest, most complete and ecological studio complex of Europe. It is the perfect location for all kind of projects, even the most ambitious ones. Surrounded by forests and water, the studio infrastructure is naturally integrated in its environment. The broad range of modern facilities are designed to meet all your functional requirements.

Furthermore, AED Studios globally sets an example as a sustainable organization. It contains 1.5 MegaWatt solar panels, 1.2 MegaWatt battery packs, an electric car fleet, 500.000 liters of rainwater recovery and the largest ARRI LED light set in the world. Our audiovisual equipment is just a stone's throw away, saving on transportation. With all this, AED Studios is far more friendly to the environment than any other studio.

We handle our guests with personal care and a main focus on service, as we believe that this will strongly benefit the execution of your project. In sum, AED Studios is a state of the art choice for your project. It is strategically located and has all the functionalities in house to be the destination for your creation.
