The background of the slide is a photograph of a large, modern building with a green facade and white accents, situated next to a pond. The building has several windows and a prominent entrance. The pond is in the foreground, reflecting the sky and the building. The sky is blue with some light clouds. The overall scene is bright and clear.

WELCOME AT **AED STUDIOS**

AED Studios is one of the largest, most complete and ecological studio complexes of Europe. It is the perfect location for all kind of projects, even the most ambitious ones.

Surrounded by forests and water, the studio infrastructure is naturally integrated in its environment. The broad range of modern facilities are designed to meet all your functional requirements.

We handle our guests with personal care and a main focus on service, as we believe that this will strongly benefit the execution of your project. In sum, AED Studios is a state of the art choice for your project. It is strategically located and has all the functionalities in house to be the destination for your creation.

AED ECOLOGY LABELS

Think about tomorrow when choosing your event location. At AED Studios, ecology and economy go hand in hand. The many permanently decorated rooms with modern ecological AV materials allow you to organize your event with the lowest possible CO2 emission, without compromising on creativity.

Welcome your guests in a green and oxygen-rich environment.
